**IMPORTANT NOTICE**

RAC reserves the right to change instructors, course schedule, etc. Efforts will be made to notify registered participants of changes; however, RAC will not be responsible for any costs incurred, including airfare (or penalties) and hotel, as a result of cancellation, instructor, date or time change.

**SEPTEMBER 28 – 29, 2004**

**14<sup>TH</sup> INTERNATIONAL  
CHEMICAL CONTROL SEMINAR**

**Presented by  
Regulatory Assistance Corporation  
(RAC)**

The regulatory world continues to change bringing with it a major EU initiative – REACH, and new notification requirements in Japan, China and the Pacific Rim. These are occurring against a background of heightened commercial interest in export marketing and obtaining global approvals in the most cost and time effective manner possible.

This RAC conference will provide you with the information you need to understand and comply with these new requirements and meet your global registration goals.

RAC is pleased to announce the 14<sup>th</sup> International Chemical Control Update and Recent Developments Seminar to be held on September 28 and 29, 2004 at the Holiday Inn, 212 Woodlawn Road, Charlotte, N.C.

## TOPICS TO BE DISCUSSED

As you will see from the Seminar schedule, we have once again assembled a faculty of government officials and industry experts to present –

- European REACH Program
- The latest new chemical notification developments in China
- The latest new chemical notification developments in the Pacific Rim
- Update on Canadian new substance notifications and MSDS requirements
- New Chemical notification requirements in Japan
- Cost effective global notifications
